Session Information

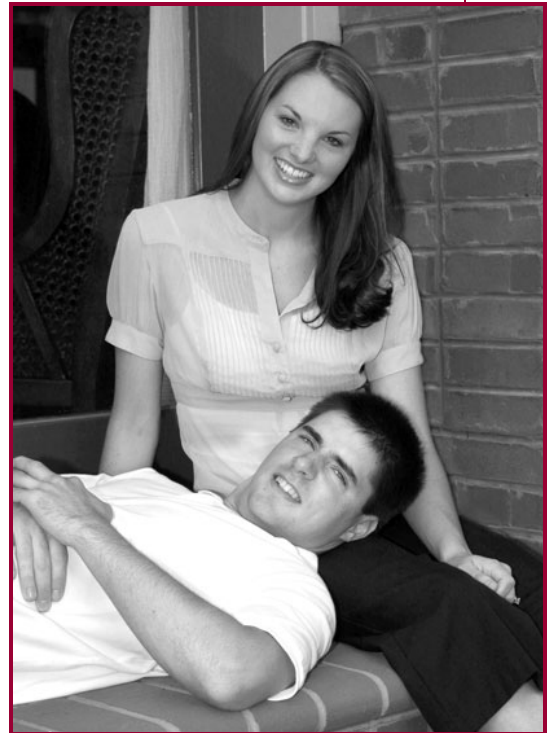

Our Portrait sessions are custom tailored to fit the situation and the subject(s) involved. We feel that a portrait should be more than just a photograph. That image should tell a story about the subject and who they are.

We strive to bring this out in our portrait sessions. While not every portrait needs to be flashy or edgy, each portrait should share a bit of that person's energy.

Sitting Fees

Our sitting fees are based on the type of portrait session involved. Fees are due when booking in order to reserve the session date and time. These fees are in addition to any print charges and are non-refundable. Sessions may be re-scheduled at no charge with at least 48 hours notice.

- **Studio Session 1-4 subjects** **\$50.00**
- **Studio Session 5-9 subjects** **\$75.00**
- **On Location (Standard)** **\$150.00**
- **On Location (Extended)** **\$250.00**
- **Other sessions by quote only**

Print Package Prices

Package Prices

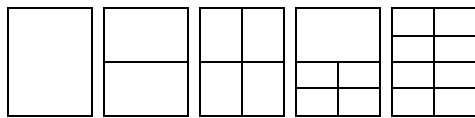

Our package prices are available for most portrait sessions and can be customized to each order. Large groups or multiple portrait sessions such as schools, may have a different pricing structure, so please ask.

Package prints are offered with only minimal retouching and special print services and finishes are not available.

Packages are sold in combinations of sheets. They are machine printed to the same quality standards as our custom print services. Sheets are available in the configurations below and must be one pose per sheet.

Sheets are available for \$25.00 each with additional sheets **from the same pose** available for \$20.00 each.

Additional print sizes are available on our custom print price list.

Custom Prints

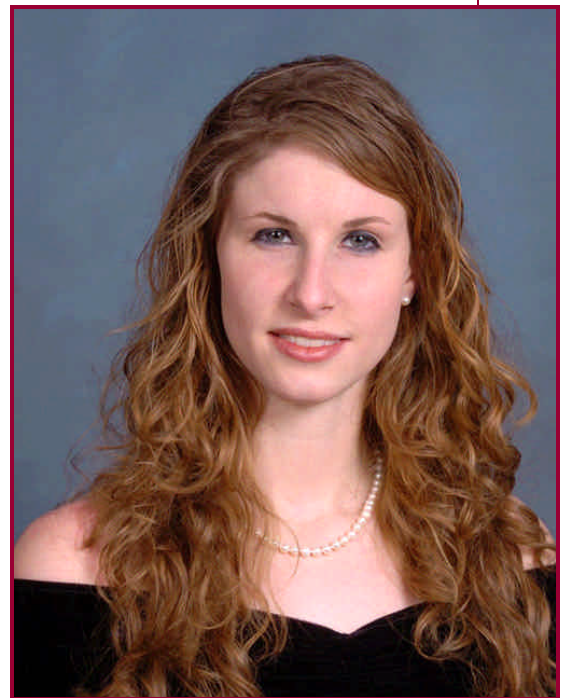

Our custom prints are for prints that will be used for display purposes. They may include special mounting, surface modifications, canvas prints, or combinations of these options.

They are printed under strict quality control and hand checked to insure only the best quality available. For more information on any of our print services, just ask.

All of our are individually retouched, corrected for optimum color and density, and then sprayed and mounted to achieve the highest quality prints with long lasting beauty.

The **Canvas** prints are bonded to high quality canvas to give them that unmistakable canvas texture. They are then mounted on a stretcher frame and are best displayed without glass as a true work of art.

Our **Old Master** series prints are mounted exactly like the canvas series prints, but they are also enhanced with a water based brush texture, making them resemble a fine oil painting.
